

Sergey Papushin

papushn2@illinois.edu • GitHub: [wooferzfg](#) • [spapushin.me](#)

Education

University of Illinois at Urbana-Champaign
Bachelor of Science in Computer Science

Expected Graduation: May 2019
GPA: 4.00/4.00

Adlai E. Stevenson High School

Graduated with Highest Honors, National Merit Scholar Finalist, Illinois State Scholar

GPA: 4.78/4.00

Current and Past CS Courses:

- CS 173 (Discrete Structures)
- CS 225 (Data Structures)
- CS 233 (Computer Architecture)
- CS 498 RK (The Art of Web Programming)

Languages: Java, C#, C++, C, JavaScript, Python, HTML/CSS

Experience

Illinois Institute of Technology, *Intern*

June 2014 - July 2014

- Developed a tool in Mathematica to display and analyze function interpolation with various different kernels
- Presented Mathematica tool and mathematical conclusions to the Meshfree Methods Seminar

Projects

LiveSplit

November 2013 - Present

- Developing a highly customizable timer application using Microsoft Visual Studio, .NET, and C# that currently has over 200,000 downloads
- Creating and improving program appearance and user interface with Windows Forms
- Using Git and GitHub for version control

I Can't Believe It's Not Chess!

May 2015

- Used object-oriented programming to create an original puzzle game in the form of a Java Applet
- Developed the game with pair programming at a CodeDay event
- Ported code from a Java applet to a fully functioning Android app

Traveler

May 2016

- Developed a game using Unity that is based on the player solving a constantly expanding Traveling Salesman Problem.

Leadership

Computer Science Club, *Co-President*

January 2014 - May 2015

- Lead group projects related to programming such as a bus monitoring app
- Helped organize activities to allow beginners to improve their programming skills

Activities

Association for Computing Machinery (ACM)

August 2015 - Present

- Participating in various special interest groups related to Computer Science such as GameBuilders (game development) and SIGMobile (Android app development)

Business Professionals of America

December 2012 - May 2015

- Won State Championships in C++ Programming, Advanced Accounting, and Financial Analyst Team
- Won Third Place Nationally in Fundamental Accounting
