Education

University of Illinois at Urbana-Champaign   **Expected Graduation: May 2019**
Bachelor of Science in Computer Science

Adlai E. Stevenson High School   **GPA: 4.78/4.00**
Graduated with Highest Honors, National Merit Scholar Finalist, Illinois State Scholar

Current and Past CS Courses:
- CS 125 (Introduction to Computer Science)
- CS 173 (Discrete Structures)
- AP Computer Science

Languages: C#, Java, Mathematica, JavaScript, HTML, CSS, C++, Python

Experience

Illinois Institute of Technology, *Intern*   **June 2014 - July 2014**
- Developed a tool in Mathematica to display and analyze function interpolation with various different kernels
- Presented Mathematica tool and mathematical conclusions to the Meshfree Methods Seminar

Projects

LiveSplit   **November 2013 - Present**
- Developing a highly customizable timer application using Microsoft Visual Studio, .NET, and C# that currently has over 140,000 downloads
- Collaborating internationally via Skype with other developers from Germany and France
- Using Git and GitHub for version control

Chess-Style Puzzle Game   **May 2015**
- Designed and created an original puzzle game based on chess pieces using BlueJ and a Java Applet
- Pair programmed at a CodeDay event to develop the game with a friend
- Ported game from a Java applet to an Android app

Leadership

Computer Science Club, *Co-President*   **January 2014 - May 2015**
- Lead group projects related to programming such as a bus monitoring app
- Helped organize activities to allow beginners to improve their programming skills

Activities

Association for Computing Machinery (ACM)   **August 2015 - Present**
- Participating in various special interest groups related to Computer Science such as GameBuilders (game development) and SIGMobile (Android app development)

Math Team Competitor   **September 2011 - May 2015**
- Worked individually and in small teams to solve challenging math problems as part of competitions

Business Professionals of America   **December 2012 - May 2015**
- Won State Championships in C++ Programming, Advanced Accounting, and Financial Analyst Team
- Won Third Place Nationally in Fundamental Accounting
